

BFCM PLAYBOOK

Your CPM will jump in November.

Plan for it now.

In my accounts: up to +48%.

5 out of 5.
Every November,
the auction got 25%
to 48% more
expensive.

THE PART MOST PEOPLE MISS

But ROAS went up or held in all 5.

Luggage brand

5.65x → **7.13x**

Fashion brand

6.05x → **7.93x**

Deals marketplace

2.89x → **3.43x**

November buyers are ready to buy. That pays for the more expensive auction.

**The mistake isn't
spending in
November.**

**It's seeing CPM jump
in week 1 and pulling
the budget.**
